On completion of the IB Middle Years Programme, students may choose to continue their education towards a career or University through two higher level options:

Option 1.—1 year course in preparation for the workforce or self employment. This includes an online Dip Tech (any level), an internship in career choice, 2 school taught subjects, management skills, community service and a student final project.

Cost: for the year - E 55 000

Option 2.—2 year course in preparation for University entrance, workforce or self employment. This course includes an online (Dip Tech Level 4), an internship, 2 online IB Diploma subjects, management skills, community service and a student final project.

Cost:E 69 000 per year.

Examples of Dip Tech courses include:

Architectural drafting, Horticulture, Hospitality Management, Electrical engineering, Business Management, Graphic Design, Sports Management, Psychology, Computer technology, Computer engineering, Human Resource Management, Logistics, Quantity surveying and many more.

Subject choices include:

Business management, Economics, Biology, Mathematics, Psychology, Spanish, French, Mandarin, Chemistry, Physics, Drama, Music, Dance, Philosophy, English Literature, Visual Art.

In addition to the career options Lilima Montessori High facilitates scholarship opportunities for students who wish to pursue the IB Diploma either at Waterford Kamhlaba United World College or other IB schools around the world.

Preparation for the 21st Century world of work.
